Name: Ranjitha Meela

Student Id: 02079833

Email: ranjitha_meela@student.uml.edu

Project: Smart Calorie Analyzer

What Am I proud about:

In this report, I've successfully developed the frontend of our platform using HTML, CSS, and JavaScript. Our webpage is designed with a focus on aesthetics and user-friendliness, creating an engaging experience. Also implemented a calorie calculator that takes user details into account, such as age, height, weight, and activity level. This allows for precise daily calorie intake estimation. Our platform empowers users to make informed dietary choices and live a healthier lifestyle by offering tailored nutritional recommendations.

In further project reports, we will update the remaining things and take our project to the next step by validating fields and adding other pages based on the proposal.

Next steps:

- Finalize API
- Database
- Work on backend framework
